QUALITY POLICY:

"We are committed to continuous quality improvement, customer satisfaction and compliance with the requirements of the Quality Management System, other applicable industry standards and regulatory requirements. Continuous Improvement is achieved through meeting established quality objectives. Customer Satisfaction is achieved by delivering quality products that meet the customer's expectations and are delivered safely and on time."

ATTENTION! STACKING PALLETS IS NOT ADVISED: Stacking of pallets can cause instability and shifting of material, damage to pallets, integrity of packaging and material, other property damage as well as bodily injury. Purchaser assumes all risks and liability.
