ESCHERICHIA COLI

Not detected in 1g

SALMONELLA

Not detected in 25g

Indicatives Values

POURED BULK DENSITY

400 g/l approx.

PARTICLE SIZE (Sieve):

- residue on 40 microns

90 % min.

- residue on 500 microns

5 % max.

Comments

Due to a few rare reported allergic reactions with pea (and their derived products), we strongly suggest to our customers to list the botanical origin of their pea derived products in their ingredient statement.

This product should be considered as a prototype. Specifications and related analytical methods may evolve with product development.

Conformity

Current FOOD CHEMICALS CODEX (iodine test excluded). Regarding "Soluble fiber", NUTRIOSE® could be labeled as such when it is intended to be used to replace sugar / to decrease caloric content / to add fiber. Even though "Soluble fiber" is a possible designation without any risk in some countries, in some others the risks associated to this designation will depend on the proportion of fibers contained in the ingredient. Please consult with your own regulatory experts when deciding how to label your finished product.

-If you need any further information on our ingredient, please contact your local ROQUETTE representative.

Storage

Expiry date of the packaged product

manufacturing date + 5 years.

-These dates are indicative and may vary according to packaging type and manufacturing plant. Proper information is shown on labelling and CoA.

-We recommend to preserve the product in its unopened original packaging, preferably protected from wide variations of temperature and humidity.

-Upon opening, use the product as quickly as possible to prevent moisture regain.

Disclaimer

The information provided in this Product Specification Sheet relates only to the specific product designated and may not be applicable when such product is used in combination with other materials or in any process.

All information and instructions provided in this Product Specification Sheet are based on the current state of our knowledge at the latest revision date indicated. It is the responsibility of the user to be aware of and to follow the regulations applying to our product for its possession, handling and use.

Notes : All the dates are formatted like YYYY/MM/DD.
